A Message from Her Honour The Lieutenant Governor of Saskatchewan

It is my sincere pleasure to extend greetings on behalf of Her Majesty Queen Elizabeth II, Queen of Canada, to everyone taking part in the RCE-SK 9th Awards Celebration.

It is wonderful that this year's event is being held in partnership with the Redberry Lake Biosphere Reserve. We have much to learn from this beautiful Reserve and integrated programming. I am grateful to the committed staff and board members for managing the Reserve and for educating students and the general public about the remarkable diversity of animal and plant life that call the Reserve home.

I congratulate everyone who will present a project at this year's event. Thank you for making sustainability a priority. Truly, you are creating a better future for our province and our planet.

As RCE-SK marks the 10th Anniversary since receiving acknowledgement from the United Nations University, I wish to express my deep gratitude to everyone who has given their time and energy to RCE-SK. You are engaged in perhaps the most important work of our time, and I thank you for creating change through education.

Please accept my best wishes for a memorable and successful celebration.

Vaughn Solomon Schofield
Lieutenant Governor
Province of Saskatchewan
