RE: Nominations open for Saskatchewan Sustainability Awards

The Regional Centre of Expertise in Saskatchewan has now opened nominations for its annual Education for Sustainable Development Recognition Awards.

The awards recognize the achievements of individuals, organizations and groups as they pursue ways to help make our province a more sustainable place. The projects educate and encourage others to initiate development that meets the needs of the present without compromising the ability of future generations to meet their own needs.

In the 7 years of previous presentations, over 200 certificates have been presented to worthy recipients. Lists of previous nominees are available on our event website, rceskrecognitionevent.com. Such projects have included the Saskatchewan Ecomuseum Initiative, University of Regina Cleaning with Liquid Ozone, Davidson Awesome Volunteers Club and Saskatoon's Bike to Work Day.

The 8th annual event will take place in Fort Qu'Appelle in the teepee at the Treaty Four Governance Centre on Wednesday, May 4, 2016. The community host is the Calling Lakes Ecomuseum. Those interested in attending should contact rcesk.event@gmail.com to reserve their seat.

For information on how to apply please visit the event website at www.rceskrecognitionevent.com. Applicants are encouraged to self-nominate. **The application deadline is March 31.**
